

Crossing Borders:

Migration, Theology, and the Human Journey

An 8-session Small Group Study & Faith Sharing Program for those who want a better understanding of issues related to immigration reform

Wednesdays 7:00—9:30 pm

March 24th - May 19th

St. Margaret Mary Parish, Room #17

1450 Green Trails Dr., Naperville (corner of Green Trails Dr. & Naper Blvd.)

Immigration is a complex issue that is reshaping the cultural, economic and political landscape of the planet. Anyone who speaks of simple solutions either does not understand it or is not listening. Each group in the immigration debate makes rightful claims to issues like economic stability, American jobs, cultural integrity, fiscal constraints, national security, human rights, property rights, labor rights, law and order, and many other issues. Many are divided over this issue precisely because it creates fault lines between many values that are important to us. Finding common ground amidst the fractious debate is not easy, which is the reason why it has become such an incendiary, political issue. This eight session module provides participants a chance to find common ground and to discover more about themselves, our God and the millions of people who are on the move in every part of the world.
